The Advantages of Ship2yard

SHIP2YARD is an incredibly helpful tool for owners and shipbrokers who wish to find powerful shipyards to place orders for new building or for the repair of current ships.

The service is designed to provide an exhaustive listing of shipyards worldwide, all in a user-friendly layout.

SHIP OWNERS & SHIP BROKERS

using the simple control panel, can quickly find shipyards which best fit to their requirements and demands

SHIPYARDS

can concisely present their production capabilities globally and clearly promote their business as a member of the most popular worldwide shipyard directory

The clear Advantages for SHIP OWNERS & SHIP BROKERS

As an authorized user of **Ship2yard**:

- you can browse - using the advance search mode to target your requests with maximum precision - over 2500 entries of worldwide shipyards/workshops (with address, tel/fax numbers, contact person data, management, facilities: slipways, graving and floating docks, crannage, workforce, etc.)
- you can quickly find shipyards, which best fit your requirements
- you also have the possibility to AUTOMATICALLY send INDIVIDUAL **emails (enquiries)** directly to shipyard VIPs (CEOs, managers, etc.) through your very own administration panel. This panel is assigned to you by SHIP2YARD - and is your own Customer Management System CRM.
